FIVE NEWEST AND BEST EVER-BLOOMING TEA ROSES

AS SHOWN ON FRONT PAGE OF COVER

No. 1. The Beautiful New Pure White Rose, Ivory.—This is a superb new Rose, identical with its parent (the lovely Golden Gate, from which it is an offspring), except in color of flower, which is pure, glistening ivory white. It has the same freedom of bloom, magnificent form of buds and flowers, which are marvelously beautiful in their perfection. Strong and vigorous scarcely equalled for its matchless profusion of bloom, it will be eagerly sought after by amateur and professional Rose growers alike. **Price, for nice, strong one-year-old plants, 20c each; two-year-old plants, 40c each.**

No. 2. The Lovely New Rose, Lady Clanmorris—(Hybrid Tea). Perfectly distinct; a splendid Rose, of very robust growth and free branching habit, flowering continuously and freely throughout the season; blooms very large and of good form, petal large, smooth and of great substance; creamy-white with delicate salmon center, petals beautifully tinted pink. **Price, 20c each; large two-year-old plants, 40c each.**

No. 3. Grand New Yellow Rose, Franco-Russia—A new Rose of exquisite kind and color, ranked by many enthusiasts as the best yellow Tea Rose. The flowers are of large size, perfectly double to the center and perfect in shape both in bud and blossom. The color is magnificent—deep rich lemon yellow with creamy-yellow center with tints of sulphur. It is beautiful beyond description. A strong, healthy grower and one of the grandest Roses in this book. **Price, 20c each; two-year-old plants, 40c each.**

No. 4. Magnificent New Rose, Gladys Harkness—(Hybrid Tea). Growth very erect and vigorous, reminding one of American Beauty; profuse in bloom, flowers large, formed like a fine Hybrid Perpetual; color deep salmon-pink; has a splendid constitution, and is very fragrant. **Price, 20c each; two-year-old plants, 40c each.**

No. 5. Freest Blooming New Rose, Red Hermosa—A seedling of Hermosa—Reine Marie Henriette; it is possessed of the vigor and other good qualities of Hermosa, with deeper green, glossy foliage; and beautiful dark carmine-red flowers, much the form of Hermosa; this is a delightful new variety and will certainly become very popular. **Price, 20c each; two-year-old plants, 40c each.**

We will send one each of the above five new Roses for 60c. The five in two-year-old plants, for $1.50.

Three Beautiful New Ever-Blooming House and Bedding Plants

AS SHOWN ON FOURTH PAGE OF COVER

ALWAYS IN BLOOM—FLOWERS AS LARGE AS SILVER DOLLARS

They are a glowing mass of bloom the entire year round. Nothing equals them for profuseness of bloom planted out in the summer. No plant that grows equals them for freedom of bloom as a house plant in Winter. Every one that loves flowering plants should plant freely of our handsome Everblooming Impatiens. Nothing you can buy will give you so much bloom for so little money as these grand bedding and house plants. For planting in beds or borders around the house that are shaded or partially shaded, they have no equal.

WE WILL SEND ONE EACH OF OUR IMPATIENS FOR 25 CENTS

No. 1. THE LOVELY SULTAN'S BALSAM, OR IMPATIENS SULTANA—This is one of the most beautiful and certainly the freest blooming, bedding or house plant in cultivation. It commences to bloom as soon as rooted, continuing so until the plant attains a height of eighteen inches or two feet, when it is a perfect mass of bloom, literally covering the plant with its brilliant rosy-scarlet flowers, which are three inches around. For Summer bedding or for Winter blooming in the house it has no equal. **Price, 10c each; three for 25c; eight for 50c.; twenty for $1.00**

No. 2. OUR LOVELY NEW WHITE IMPATIENS, EVENING STAR—NOW OFFERED FOR THE FIRST TIME. This magnificent new Impatiens is one of the most beautiful and valuable new plants ever offered to the flower-loving public. Like its twin sisters, Queen of Bedders and Sultana, it is a splendid bedder, but as a specimen pot plant it is simply magnificent as the lithograph on the fourth page of cover (which was made from a plant growing in a six-inch pot) will testify. Every branch is loaded with lovely flowers, which are pure ivory-white, with a distinct wine-colored eye, making it at once very conspicuous and exceedingly beautiful. The flowers are fully as large as a silver dollar, and are borne in endless profusion the whole year round. Small plants not more than two and three inches high, bloom freely; in fact, it is never out of bloom. **Price for strong plants, 20c each; 3 for 50c.**

No. 3. IMPATIENS, QUEEN OF BEDDERS—This is exactly like its twin sister, Impatiens Sultana, except in the color of the flower, which is a very beautiful salmon-pink. Like the above, it is always in bloom, lavishing its beautiful flowers the entire year round. As a bedder, or for blooming in the house in Winter, it is equalled only by the lovely Sultana. **Price, 10c each; three for 25c; eight for 50c; twenty for $1.00.**

The Brilliant Set of Three Double Petunias

AS SHOWN ON THE SECOND PAGE OF COVER

THE GRAND NEW DOUBLE PETUNIA, VESUVIUS—This splendid Petunia is one of the very largest and best of the new, large-flowering varieties. It is a strong grower and free bloomer; flowers are brilliant purple, sometimes splashed with white. **Price, 10c each.**

THE PURE WHITE DOUBLE PETUNIA, SEAFORM—A lovely new Petunia, very large; nicely fringed, pure white and always in bloom. **Price, 10c each.**

THE CHARMING NEW MOTTLED DOUBLE PETUNIA, EXCELSIOR—This is another handsome and showy variety, exceedingly double, a robust grower and profuse bloomer. **Price, 10c each.**

A Guarantee that means Something

We guarantee all plants to reach their destination in a good growing condition. We guarantee absolute satisfaction to every purchaser of our goods. If you think we have made a mistake, tell us so, or write to us. Try to do so good naturedly; if not, do it anyway. Do not complain to anyone else or let it pass. We want an early opportunity to make right any unintentional error we may make.

Be Sure to Sign Name and Give Your Address.

Many orders reach us lacking either or both. Customers when writing about unsigned orders will aid us in identification by mentioning the articles ordered.

Our Plant and Seed Departments

Are entirely separate. Often the seeds or plants on a combined order may be sent before balance of order is filled. If only one part of the order is received, please wait two or three days for the balance before writing us.

When Corresponding

Be careful always to sign your name the same way. Ladies sometimes send an order in their own name, and perhaps write again inquiring about the order in their husband's name. This often causes us much annoyance and waste of time. Do not mix your order and correspondence together. If you wish to write concerning the order, write it on the back of the order or on separate sheet.

Canada Postage.

As postage to Canada is double the United States domestic rates we must ask our Canada friends to send 10 cents extra for each $1.00 worth ordered. Do not send Canada postage stamps or silver as we cannot use or dispose of them. Roses and all hard-wooded plants are by law prohibited entrance into Canada.

When Ordering

Always state when you wish the goods shipped, otherwise they will be sent you at once. Send in your order early while stock is complete and unbroken. If you do not wish plants forwarded until later date we will reserve plants and forward when desired.

Remittances

Should be made in the form of P. O. Money Order, Bank Draft, Express Money Order, or Registered Letter. Remittances in any other way are entirely at the sender's risk.

Address all Letters, and make Drafts, Money Orders, etc., payable to

A Beautiful Pot Plant,

GLOXINIA.

The coloring is exquisite; the ground color of many is pure white, with throats of blue, scarlet, rose, crimson, or velvety-purple; or the tubes are of bright color, with white throat. The bulbs should be started in a warm place and kept growing in a partial shaded place, protected from hard rains. They will bloom until late in Summer, when they should be dried off, letting the leaves die, and can be kept over Winter in the cellar free from frosts. Dry bulbs, price, 15c each; three for 30c.

TUBEROUS-ROOTED BEGONIA.

TUBEROUS-ROOTED..... BEGONIAS.

These are among the very handsomest of our Summer blooming plants, flowering throughout the season, and as fine and varied in their color as the Geranium family. They are splendid bedders, delighting in a light soil of wood earth, very old cow manure and sharp sand. See that the bed is in partial shade, and you will be delighted with the results. In the South, or where they cannot be planted in the shade of a house, a covering of burlap or canvas, some six or eight feet above them, merely to throw off the sun's rays, will allow them to come to absolute perfection, but they must have plenty of light and air. Do not allow them to become dry, and during hot weather they will take two waterings a day. when through flowering they can be dried off, shaken free of earth, and wrapped in cotton until February or March, when they may be started again.

SINGLE—White, Yellow, Crimson, Rose, Scarlet. Price, 15c each; four for 40c.

DOUBLE—In same colors, 20c each; four for 60c.

THE WORLD-FAMOUS ROSE
AMERICAN BEAUTY.

This Rose has become as famous as the Marechal Niel. The flowers of this grand Rose are so eagerly sought that they sell in the flower stores of the larger cities during the holiday season at the extravagant price of from one dollar and a half to two dollars for a single bud or flower. Indeed, the market is never fully supplied with them, even at this high price. It is because of its large size, rich color and delicious fragrance. It is a hardy Rose, of the largest size, having the ever-blooming qualities of the Tea Rose, with the delicious odor of the Damask or Moss Rose. It is the sweetest of all Roses. In color it is a deep, brilliant red, shading to a rich, carmine crimson. American Beauty is like Marechal Niel. difficult to start from small plants, therefore we advise our customers to buy strong plants of it. This Rose will never be sold cheaply, for the reason it is hard to propagate.

AMERICAN BEAUTY.

AMERICAN BEAUTY.
For young plants, 20 cents each; two-year-old plants, 50 cents We advise the planting of the larger size.

FRANCES E. WILLARD.
Price, strong plants, 15 cents each. Large two-year-old plants, 35 cents each.

The Grand New White Rose, FRANCES E. WILLARD, President of the World's W. C. T. U.

It is with positive pride that we introduce this magnificent new white Rose to our friends. It is a strong, vigorous grower, making handsome bushes. The buds and flowers are of the very largest size, pure white in color, so full and double and perfect in shape as to resemble a Camellia flower. The fragrance is delicious. It is by far the grandest of all true ever-bloomers, belonging to the Tea Rose family. It was eminently fitting that we named this Rose in honor of the hallowed memory of the grandest of all women, **Frances E. Willard**, the great apostle of Temperance and Purity, the white Rose being the emblem of the society (W. C. T. U.) for which she gave her life.

HELEN GOULD.
(The Balduin.)

This is a most notable production—the strongest growing, freest blooming and hardiest Hybrid Tea Rose now known. In healthy, vigorous growth surpasses any we have ever seen. This grand new variety will unquestionably become one of the most famous Roses in cultivation. It is one of the largest and fullest of red Roses; long, plump buds, forming flowers of grand size and great beauty; sweet-scented as "June Roses." A most valuable cut-flower variety, rivaling American Beauty, A rapid, abundant grower, producing great quantities of large, fine flowers.

DUCHESS DE BRABANT.

This Rose combines exquisite perfume, beautiful coloring, and a matchless profusion of flowers and foliage. How shall we describe its coloring? Soft, light rose, with heavy shading of amber and salmon. Quite hardy, and in every respect it is admirable.

CLOTHILDE SOUPERT

The best of all pot Roses; literally loaded with bloom at every stage of growth. Color, beautiful pinkish amber, flushed with silvery rose with shades of salmon. A beautiful rose.

BALDUIN BLOSSOMS.

SCARLET BEDDER.

This is without doubt the very best of all red Roses for bedding. It can be planted anywhere, being entirely hardy. Flowers are large size, fiery scarlet, a color rarely seen in Roses. Planted everywhere on account of its color and freedom of bloom.

STRIPED LA FRANCE.
(Madame Angeline Veysset.)

Striped La France combines all the good qualities of a La France in growth, fragrance, shape of bud and flowers; in fact, differs not from it except in color. It is nicely striped, the marking being plain and distinct, the variegation a beautiful bright rose on a satin-pink ground.

Hardy, Perpetual-Blooming Rose.
MAD. CHARLES WOOD.

A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues all through the season. The flowers are extra large, very double and full, and quite fragrant. Color a bright, fiery scarlet, passing to a fine rosy crimson, elegantly shaded with maroon. Very showy and handsome, and one of the best roses ever introduced for general planting.

BALL OF SNOW.
(Boule de Neige.)

A finely formed, pure white Rose; occasionally shows light flesh when opening. Beautiful shell-shaped petals, evenly arranged; flowers of good size.

MAD. SCHWALLER.

A Hybrid Tea having the fragrance of La France and the firmness of the Hybrids, with the freedom of flowers of the Tea class. Rosy-carmine, sometimes deep rose. A most abundant bloomer.

Hardy Ever-Blooming Rose
MADAME MASSON.

An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. You should try it. This grand Rose is perfectly hardy.

STAR OF LYON.
(Etoile de Lyon.)

This magnificent Tea Rose is a rich golden-yellow; a strong, healthy and vigorous grower; immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the Winters here uninjured in open ground without protection and blooming nicely through all the hottest part of the summer.

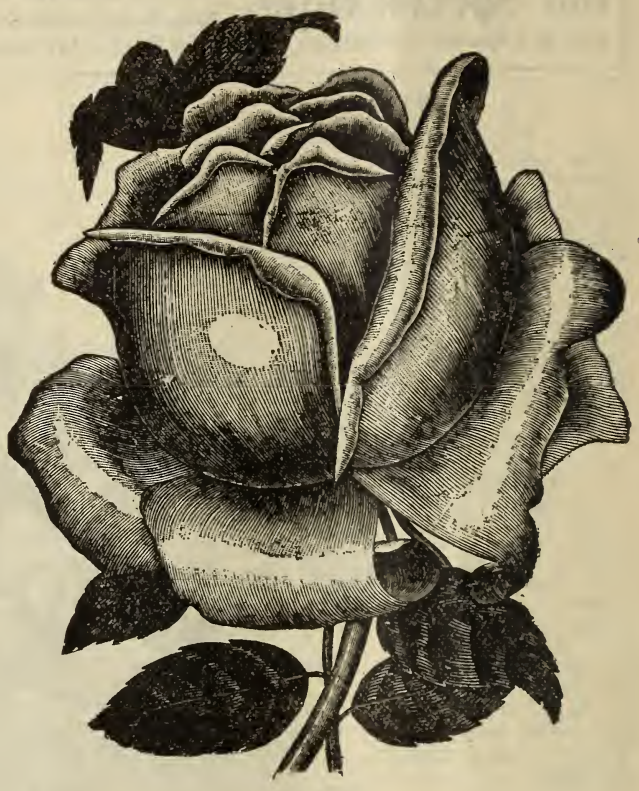
Our Three Grand New Pedigree ROSES

OUR SPECIAL OFFER.—We will send one each of our grand new Roses for 60 cents. The three in two-year-old size for $1.00.

Our Glorious New Red Rose, *"YOUNG AMERICA."*

The Grandest Hardy Ever-Blooming Red Rose in the World. Hardy Everywhere. Blooms Continuously. Bears Flowers far Superior to the Famous Gen. Jackqueminot. Introduced and for sale only by Schmidt & Botley.

This magnificent new Crimson Rose is, beyond question the peer of any Rose yet introduced. It produces in great abundance exquisitely formed, large pointed buds, which open into beautiful double blooms of delicious fragrance. The color of bud and full blown flower is a pure, deep scarlet-crimson, without a touch of purple in any stage of its development. The parentage of "America" would alone indicate its real worth. It is an offspring of two of the grandest and richest dark Roses heretofore sent out, viz.: The well-known hardy, dark red Rose, "Duke of Edinburgh," and the equally well-known ever-blooming red Rose, "Meteor." "America" combines the good qualities of both these grand Roses, but is larger and produces more blooms than either of its parents. It is a strong grower, with handsome, dark green, leathery foliage, every shoot being crowned with a large, perfect bud of exquisite beauty. We own and control the entire stock of this magnificent new Rose, and would caution our friends that it cannot be bought elsewhere. **Price, for strong one-year-old plants, splendidly rooted, 25c; two-year-old plants, 50c.**



ATLAS.

Our Grand New Hardy Ever-Blooming Pink Rose, *"NESTOR."*

The Grandest Ever-Blooming Pink Rose Yet Introduced

As "America" is the peer of any dark red Rose, so is "Nestor" the peer of any pink Rose yet disseminated. It is the offspring of two grand, well-known pink Roses, viz.: "Magna Charta," the largest hardy pink Rose in the world, and the lovely new pink Rose, "Belle Siebrecht," the beautiful Rose which made such a furore among the Rose growers of five years ago. The progeny of such parents would alone insure extreme hardiness, strong growth and a matchless profusion of bloom. "Nestor" inherits the splendid qualities of both its parents, combining the extreme hardiness and strong, vigorous growth of "Magna Charta" and the extreme free blooming tendencies of the lovely "Belle Siebrecht." It throws up enormous canes, which are crowned with immense blooms much like "La France" in form, but approaching "Belle Siebrecht" in color, being a soft, solid pink. It is very fragrant and will be grown largely for its inimitable buds and faultless color. We own and control the entire stock of "Nestor," and warn our friends that it cannot be procured at any other establishment than ours. **Price, for strong one-year-old plants, 25c each; large two-year-old plants, 50c each.**

Our New Hardy Ever-Blooming Silvery Pink Rose, *"ATLAS."*

This lovely Rose is a daughter of the acknowledged Queen of Roses, the beautiful and well-known "La France." This fact alone would place it in the very front rank of high-grade Roses. Like its illustrious parent, "Atlas" is quite hardy, but is a much stronger grower and produces five blooms to "La France's" one. It throws up long, quick-growing stems which are surmounted by long buds opening into large double flowers of two shades of pink exquisitely bright and fresh. The predominating color is light, silvery-pink and is exceedingly beautiful. We own and control the entire stock of "Atlas," and advise our friends and patrons that it can be procured only at our establishment. **Price, for strong, one-year-old plants, 25c each; large two-year-old plants, 50c each.**

Brownwood, Tex., December 4, 1902.

Schmidt & Botley, Springfield, Ohio.:

I send you a picture of the American Wonder Lemon plant I bought of you in Spring, 1901. It is a fine plant. I gathered from it today 10 Lemons which weigh from 1½ to 3½ pounds. Our cook says the 10 will make 120 pies. Truly the Lemons are wonderful. The plant is in every way satisfactory. F. M. G.

NOTE—The picture Mr. G. sent us is a beauty, showing the big, handsome fruit to great advantage. What Mr. G. has done, you can do if you buy your Lemon plants from us.

We could fill pages with these bona fide and unsolicited letters of commendation did space permit. "The proof of the pudding is in the eating." The proof of the genuineness of our claim that we have the most wonderful, the largest, the best, the most prolific and the easiest to grow of any Lemon in the world is surely demonstrated in the statements of hundreds of our patrons from all parts of the country. For full description of this wonderful Lemon, see Page 45.

Ever-Blooming Climbing Roses

Prices on these grand climbers are greatly reduced this Spring. In the South and Middle States, where they stand the Winter, nothing can compare with them for beauty and foliage. They are never to be forgotten when seen in full bloom loaded with thousands of magnificent flowers. Our large two-year-old plants of Climbing Tea Roses are very fine.

New, Hardy, Ever-Blooming Rose,

CLIMBING CLOTILDE SOUPERT.

For years Clotilde Soupert has stood out as one of the greatest Roses in cultivation. It is our good fortune to introduce in this variety a climbing offspring of Clotilde Soupert. Climbing Clotilde Soupert has the same vigorous constitution of its parent, combined with its truly wonderful freedom of bloom and its extreme hardiness. In a single season small plants will grow 15 to 25 feet, producing cluster after cluster of the finest formed flowers. They are distinct, large, round, full and double, with beautifully imbricated petals, and deliciously sweet. The color effect is magnificent—ivory white shading toward the center to a silvery-rose. Cluster after cluster of flowers are produced throughout the entire season, and the bush at all times is literally loaded down with them. It needs no protection, having withstood with us a temperature of 20 degrees below zero in the open ground without protection. This is unquestionably one of the most important introductions of recent years. This variety will take its place among the great Roses, such as Crimson Rambler, Mrs. Robert Peary, etc. By all means include it in your order. Satisfaction is assured to all who plant it. **Price, 15c each; two-year-old plants, 40c each.**

The Wonderful New Rose,
Climbing Kaiserin, or

MRS. ROBERT PEARY.

This is by all odds the most remarkable new Rose of recent introduction. It is an offspring of that grand variety, Kaiserin Augusta Victoria. The flowers are extra large, full, deep and double. They are of excellent substance, and produced on long, stiff stems, like a forcing Rose. The buds are long and pointed, a remarkable feature not found in any other Climbing Rose. The color and shape of the bud and flower are identical with Kaiserin Augusta Victoria. Pure ivory-white. The foliage is also identical. The fragrance is delicious. The most remarkable feature of this variety, however, is that it blooms continuously the first year. It grows to perfection out-doors, throwing up numerous shoots 10 to 15 feet high in a single season. **Price, 15c each; two-year-old plants, 40c each.**

World-Renowned Rose,

YELLOW MARECHAL NIEL.

A beautiful deep sulphur-yellow, very full, very large and exceedingly fragrant. It is the finest yellow Rose in existence. It has a climbing habit, and where it is allowed to grow until it attains a large size, as it will in a few years, it yields thousands of beautiful golden-yellow flowers. Especially desirable in the South. We have a grand stock of this variety. **Price, first size, 10c each; large and nicely shaped two-year-old plants, 50c each.**

WHITE MARECHAL NIEL.

Identical with the yellow Niel, except color of flowers, which are pure phite. See page 12 for description. **Price, 10c each; large two-year-old plants, 35c each.**

A Rose among Roses,

CLIMBING BRIDESMAID.

We want our customers to try this Rose, more especially those whose winters are not too severe. It is quite hardy, but where the winters are very cold and long it should be carefully protected in open ground. It grows rapidly and strongly, and blooms as freely as does its parent, Bridesmaid, which is practically all the time. The flowers are simply beautiful (identical with Bridesmaid), clear dark pink; in bud they are superb, beyond anything we have ever seen. This is one of the most valuable additions to the Climbing Tea Roses made in recent years. **Price, 15c each; large two-year-old plants, 35c each.**

The Superb Scarlet Rose,

"CLIMBING WOOTON."

This elegant new Climbing Hybrid Tea Rose is one which promises to be a prime favorite wherever introduced. Everything good that can be said of the grand Rose, Souvenir de Wooton, can be said of this Rose, and more too. The flowers are large and of a velvety-red color, and the perfume is elegant. Whether open, half-open, or in bud, the flowers are of fine shape. The flowers are borne at the terminus of long shoots, which renders them especially good for cutting, much better, in fact, than the flowers of its parent, Souvenir de Wooton. **Price, 10c each; large size, 30c each.**

CLIMBING BELLE SIBRECHT.

Identical with Belle Sibrecht, except that it is a vigorous climber. Its delicate, bright pink flowers measure five to six inches in diameter. A gem. **Price, 15c each; two-year-old plants, 35c each.**

New Ever-Blooming Rose,

CLIMBING MALMAISON.

A sport from the well-known Souv. de la Malmaison, similar in flower and foliage to its parent, but of exceedingly robust climbing habit. There is no finer Rose than the old, well-known Malmaison, or "Souvenir" of the South, and we are sure that our patrons one and all, will be glad to hear that we have a climbing variety that is identical with the parent. First time offered. The variety will prove of inestimable value to all lovers of fine climbing Roses. It will prove perfectly hardy south of Washington, D. C. **Price, 10c each; large two-year-old plants, 25c each.**

Cloth of Gold, or

CHROMATELIA.

A clear, golden-yellow bronze; very full and double; highly fragrant; much prized in the South for pillars and verandas. **Price, 10c each, two-year-old plants, 25c each.**

SOLFATERRE.

Fine, clear sulphur-yellow; large, full and double; very sweet. **Price, 10c each; two-year-old plants, 25c each.**

LAMARQUE.

Large, full flowers; borne in large clusters; pure white and double; a most beautiful Rose. A rampant climber. **Price, 10c each; two-year-old plants, 25c each.**

REINE MARIE HENRIETTA.

This is the best climbing Rose in this set, and no collection would be complete in New Orleans or the South that did not comprise this, the grandest of all ever-blooming Roses. Extra large, finely formed flowers, very full and double, borne in clusters, color glowing crimson. **Price, 10c each; large plants, 30c each.**

President Cleveland, or

CLIMBING MARIE GUILLOT.

This grand new Rose is known in different parts of the country under both the above names. Of a semi-climbing habit and is identical with Marie Guillot, the loveliest of all white Roses, except it is a climber. It is worthy a place in any flower garden. **Price, 10c each; two-year-old plants, 30c each.**

WILLIAM ALLEN RICHARDSON.

Orange yellow, with outer petals lighter, center a coppery yellow, very rich, rapidly becoming popular. All Rose growers, where the climbing Teas are hardy, should plant this beautiful Rose, as it is a unique and lovely shade of yellow. Something entirely distinct in Climbing Roses. **Price, 10c each; two-year-old plants, 35c each.**

SIX OF THE BEST PURE WHITE ROSES

The Set of Six Pure White Ever-Blooming Roses for 50c. The Set of Six in Large Two-Year-Old Plants for $1.25.

NEW TEA ROSE, Snowflake

It is a lovely new white Tea—the freest flowering Rose we have ever seen. The Rose was introduced by C. Strauss & Co., of Washington, D. C., and by them grown in large quantities for cut flowers, they claiming it the most profitable white Rose they grow; that they had counted 153 buds and flowers on one plant in a single day, and the plant less than a year old. **Nice young plants of this novelty for 10c each; large plants 25c each.**

The Bride

This is undoubtedly the finest white Rose ever offered to the public, and we take great pleasure in recommending it to all our customers. It is a Rose that supplies a long-felt want. A few of the white ever-blooming Roses now in commerce have beautiful double flowers, but none of them compare with The Bride in the size and shape of buds and half expanded flowers. **Price, 10c each; large two-year-old plants, 25c each.**

Marie Guillot

We consider this variety the equal, if not the peer, of any Rose of its color in cultivation. A trial will convince anyone that this endorsement is not extravagant. The flowers are full and extra large, very double and sweetly scented; has many rivals, but no equals for open ground cultivation. **Price, 10c each; large two-year-old plants, 25c each.**

SNOWFLAKE.

NEW PURE WHITE ROYAL TEA ROSE Kaiserin Augusta Victoria

The Best White Rose in the World.

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open; color, pure creamy-white. It far surpasses any other white Rose in all particulars, and has a much richer perfume. **Price, 10c each; large two-year-old plants, 30c each.**

THE BEAUTIFUL NEW TEA ROSE, White Maman Cochet

The finest Rose of the year. Like its parent, the growth is vigorous, with rich, healthy foliage, producing large, fine flowers of the purest white; in fact, it is an exact counterpart of the beautiful Maman Cochet, and all who have tried it pronounce it the finest bedding Tea Rose in existence. We would advise all who love choice Roses to plant at least one of this beautiful new Rose. **Price, 10c each; large two-year-old plants, 25c each.**

The Queen

It is a pure snow white, makes good, fine formed buds. **Price, 10c each; large 2-year-old plants, 25c each.**

When you plant Hybrid Perpetuals you may be quite certain of having Roses every year without further trouble. Though called perpetual, it must be understood that they are not such early and constant bloomers as the Ever-Blooming Roses. The Hybrid Perpetual should not be ordered for house culture, as they are not suitable for that purpose. Do not become impatient if your plantings of these do not bloom the first season. Give them a chance to become established. These Roses are especially suited to plant in all the Northern States and Territories; also in the colder parts of the States of Virginia, West Virginia, Kentucky, Tennessee, North Carolina, Arkansas, Missouri, etc.

CHALLENGE COLLECTION

OF CHRYSANTHEMUMS.

WE LEAD THE PROCESSION IN CHRYSANTHEMUMS. A glance over our splendid list will convince anyone that this is no idle assertion. We have by far the largest and most complete collection of this most popular flower in the great Northwest, and there is absolutely

NOT ONE POOR GROWER OR INFERIOR SORT AMONG THEM.

MARIE LOUISE.

A beautiful recurving white, with slender, interlacing petals, forming a plumy globe. Received Columbian medal at the Chicago show. Not of enormous size, but of good substance; stems slender and stiff; foliage elegant; a model for cut flowers.

VIOLET ROSE.

Of very silky texture, petals long and straight, a fine grower; flower of extra large size and fine color; a fine keeper when cut. The color of this fine new variety, as the name indicates, is a beautiful violet-rose. A superb flower.

THE WONDERFUL GOLDEN WEDDING.

GOLDEN WEDDING.

The grandest golden-yellow variety, and is the marvel of the period. Nothing can exceed the richness of its color; it is a remarkably vigorous grower, and has such strength of stem that it carries its great globular flowers erect, giving it a bold, majestic appearance. The form of the Golden Wedding is unique; the outer petals droop downward in picturesque irregularity; the center of the flower is built high, with broad petals irregularly overlaid, so that, although the flowers are large, they are not heavy, solid looking, like many others. This grand variety has been awarded the highest honors wherever exhibited.

WABAN.

The largest flowered Japanese variety that grows; with broad channeled petals; color especially fine, soft rose; splendid and one of the most attractive flowers.

BRONZE GIANT.

Exhibition bronze. This is an elegant grower, heavy, stocky stem, clothed throughout in fine foliage. The flower is of immense size, crowded with petals, which are stiff and of great substance; form incurving, a most imposing bloom of largest size, a beautiful rich bronze, or old gold color. Received premium of fifty dollars for best bronze.

PRESIDENT WM. R. SMITH.

Color of Daybreak Carnation; a pure self-pink; very heavy in substance, on stiff stems; very free in growth. The form of the flower is very beautiful in all its stages; it opens with a center incurving in a circle enclosed in broad outer petals; becomes rounded and deep; perfectly double; a splendid keeper.

OUR GENEROUS OFFER

From this and two following pages you may select any FIVE for only 25c; any TWELVE for 50c; any TWENTY-SIX for $1.00. Price per single plant, 6c each.

OUR CHALLENGE COLLECTION OF "MUMS"--Continued.

Only Six Cents Each on This Page.

MODESTO—This variety has proven one of the finest yellows, and has been a prize winner at every exhibition of Mums. It is intense in color, unsurpassed in size, of an incurved solid form, with full, high center.

HELEN BLOODGOOD—A striking variety. Unquestionably the most meritorious pink introduced to commerce, being the first true, clear pink, without a trace of shading of purple or magenta. In form a globe-shaped Japanese, of largest size, with strong and robust habit. Certificate by the Chrysanthemum Society of America at New York and Philadelphia.

CULLINGFORDII—Brilliant crimson, shaded scarlet; flowers of a rich velvety texture. One of the brightest and most distinct of all the dark colored sorts. Petals finely reflexed.

MISS DALSKOVI (The Pink Ivory)—An immense incurved variety. Clear, bright pink; fine rounded form of great depth with deep, strong foliage. The grandest of the extra early clear pink varieties.

G. MOSEMAN—By far the finest of all varieties yet imported; nine inches in diameter, irregular, incurved petals; buff without and bright red within; flowers large and of robust habit; always a prize-winner.

MAD. BERGMAN—A grand new Chinese variety of dwarf habit, very full in growth, and with large, dark green foliage. The flowers are large and globular, with reflexed petals. Pure white, center shaded with light yellow. Especially valuable because it is the earliest of all the large flowering sorts.

JUDGE HOITT—The greatest break in seedings of recent years; an Anemone fully eight inches across; color pale pearl-pink; the outer petals are broad and incurving.

PERLE LYONNAISE—Bright, clear, golden-yellow, somewhat plumed, quite full; one of the very finest, of medium size; beautiful, globular form; new.

MRS. GOV. FIFER—Magnificent; large incurved white, lower petals reflex; grand in every way.

SANTELS WHITE—Decidedly the best white Ostrich Plume variety yet introduced. A strong grower and early, profuse bloomer. Flowers large, perfectly formed. Pure white with creamy center; inner petals nicely incurved and well covered with hair or plush. Very pretty.

YELLOW GOOD GRACIOUS—Largest yellow in existence. This magnificent new Chrysanthemum was exhibited last Fall,, measuring over 15 inches in diameter, and is, without exception, the largest yellow Chrysanthemum ever introduced. The color is a deep golden-yellow, very bright. Very massive in build. A grand addition to our already fine class of yellows.

L'ENFANT DES DEUX MONDES (Child of Two Worlds)—Pure white. This grand white sport from L. Boehmer was well received, having many admirers at the shows. Like the parent, it is a strong grower of good habit, and is considered the best white of the hairy type, and well deserves a prominent place in any set of this peculiar style of the Chrysanthemum.

GEORGE W. CHILDS—Deep, rich, velvety crimson, with no shade of brown or chestnut; a grand red sort.

MRS. JEROME JONES—Large, cream-white, incurved Japanese, sometimes showing a tinge of pink; high, round flower; one of the best Chrysanthemum flowers to date. Indispensable for exhibition; grand stem and foliage.

MAUD DEAN—Grand rosy-pink, of fine build and large size; color extra good; one of the very finest among pinks. Should be in every exhibition collection.

MRS. O. P. BASSETT—A magnificent flower; outer petals broad and soft cream color tinted with carmine; attracted large attention at Chicago, 1898 shows.

MAUDE ADAMS—A grand, incurved, magnificent, clear yellow Japanese; petals cup and interlace, forming a globular ball of great substance and largest size.

FLOWER OF MRS. PERRIN.

THE LOVELY CHRYSANTHEMUM, MRS. PERRIN.

The flower is of globular form, incurved, full and with a finish as soft as satin. Color rose-pink within, glistening pink without. Recognized wherever shown as the ideal variety in this color. Received first prize wherever shown as best pink; at Boston, Philadelphia and Chicago received most flattering notices. Everyone who has seen it is loud in praise of the color. A wonderfully clear, bright pink, free from magenta. Flower incurving, quite loosely built.

ADA SPAULDING—A striking variety; habit sturdy and robust; color a rich, deep pink, shading in upper portion to the purest pearl-white. Awarded silver cup, two medals and three certificates.

MONARCH OF OSTRICH PLUMES—Bright creamy yellow; a Japanese novelty of this year. It is quite large for this type; of beautiful form and finely incurved. Those who have been buying Ostrich Plume varieties will be much pleased with it.

ROSLYN—Superb, clear rose-pink; petals thick and heavy; cup-shaped, solid to the center; immense in size, habit the best; stems stiff and erect, covered with luxuriant foliage.

OUR CHALLENGE COLLECTION OF "MUMS"--Continued.

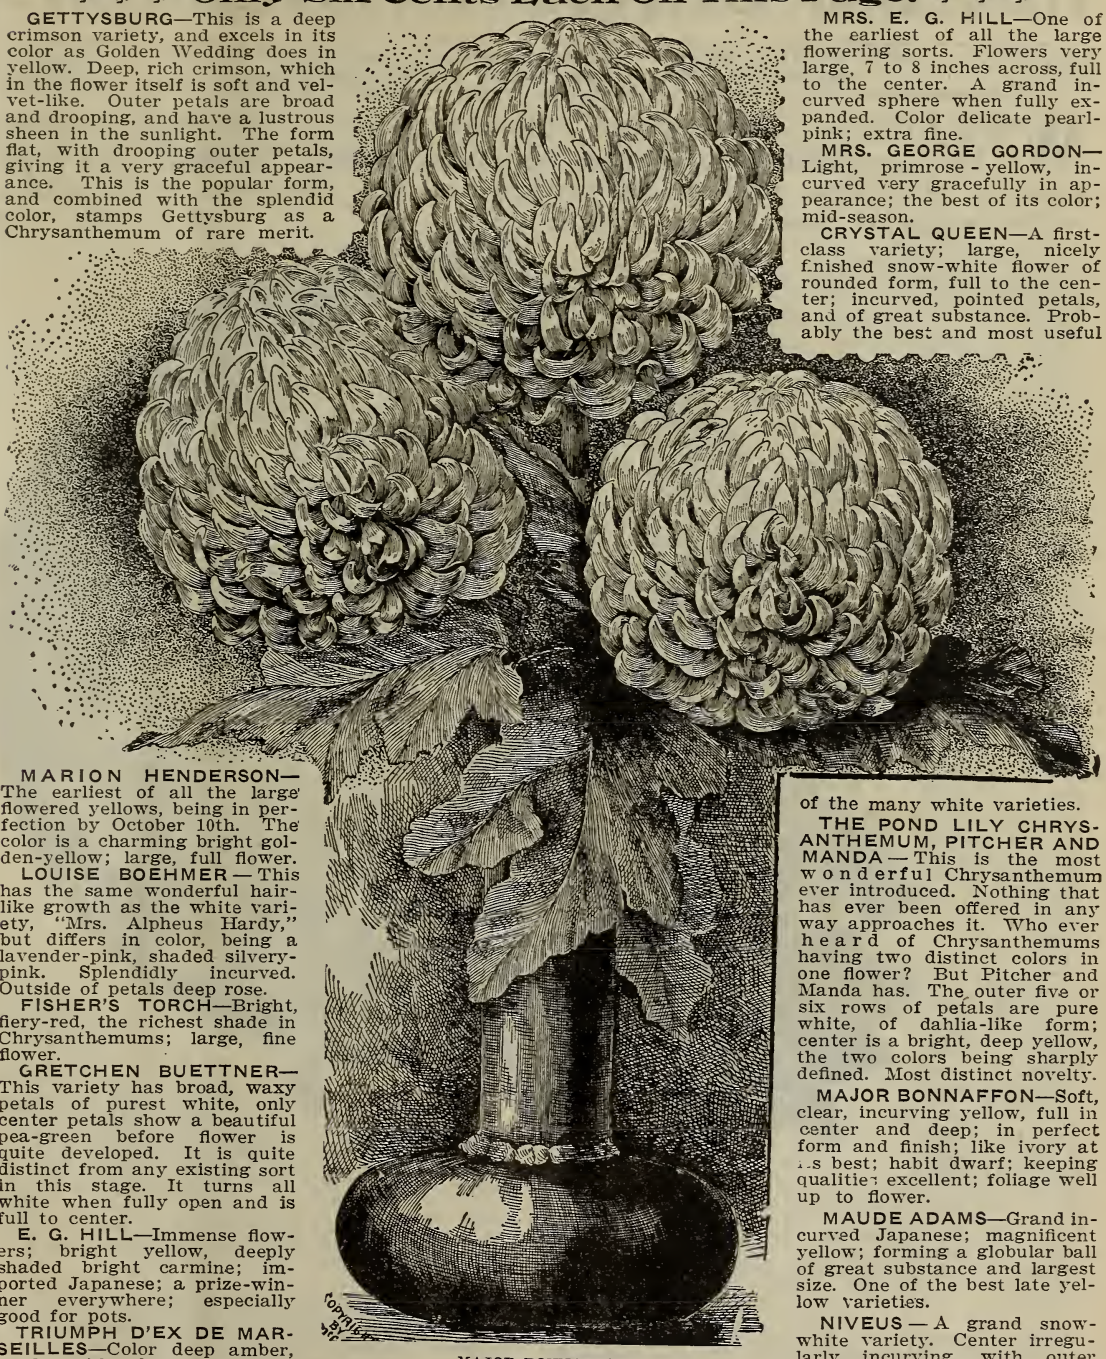
Only Six Cents Each On This Page.

GETTYSBURG—This is a deep crimson variety, and excels in its color as Golden Wedding does in yellow. Deep, rich crimson, which in the flower itself is soft and velvet-like. Outer petals are broad and drooping, and have a lustrous sheen in the sunlight. The form flat, with drooping outer petals, giving it a very graceful appearance. This is the popular form, and combined with the splendid color, stamps Gettysburg as a Chrysanthemum of rare merit.

MRS. E. G. HILL—One of the earliest of all the large flowering sorts. Flowers very large, 7 to 8 inches across, full to the center. A grand incurved sphere when fully expanded. Color delicate pearl-pink; extra fine.

MRS. GEORGE GORDON—Light, primrose-yellow, incurved very gracefully in appearance; the best of its color; mid-season.

CRYSTAL QUEEN—A first-class variety; large, nicely finished snow-white flower of rounded form, full to the center; incurved, pointed petals, and of great substance. Probably the best and most useful of the many white varieties.



MAJOR BONNAFFON.

MARION HENDERSON—The earliest of all the large flowered yellows, being in perfection by October 10th. The color is a charming bright golden-yellow; large, full flower.

LOUISE BOEHMER—This has the same wonderful hair-like growth as the white variety, "Mrs. Alpheus Hardy," but differs in color, being a lavender-pink, shaded silvery-pink. Splendidly incurved. Outside of petals deep rose.

FISHER'S TORCH—Bright, fiery-red, the richest shade in Chrysanthemums; large, fine flower.

GRETCHEN BUETTNER—This variety has broad, waxy petals of purest white, only center petals show a beautiful pea-green before flower is quite developed. It is quite distinct from any existing sort in this stage. It turns all white when fully open and is full to center.

E. G. HILL—Immense flowers; bright yellow, deeply shaded bright carmine; imported Japanese; a prize-winner everywhere; especially good for pots.

TRIUMPH D'EX DE MARSEILLES—Color deep amber, shaded with a brown-yellow at the center. Very peculiar in form, having long, pendant lower petals, which droop down some three inches. Center high and full of nicely arranged petals.

THE QUEEN—A grand double white of fine form and great substance; very rounded in form, incurving and full. Attracted great attention at Madison Square, where it was awarded first premium for best white.

MRS. MARIA SIMPSON—Color soft chrome-yellow. A fine example of broad petal, incurving Japanese type, showing no center; large, fine grower; stiff stems. Silver medal at Philadelphia; certificate at Indianapolis.

THE POND LILY CHRYSANTHEMUM, PITCHER AND MANDA—This is the most wonderful Chrysanthemum ever introduced. Nothing that has ever been offered in any way approaches it. Who ever heard of Chrysanthemums having two distinct colors in one flower? But Pitcher and Manda has. The outer five or six rows of petals are pure white, of dahlia-like form; center is a bright, deep yellow, the two colors being sharply defined. Most distinct novelty.

MAJOR BONNAFFON—Soft, clear, incurving yellow, full in center and deep; in perfect form and finish; like ivory at its best; habit dwarf; keeping qualities excellent; foliage well up to flower.

MAUDE ADAMS—Grand incurved Japanese; magnificent yellow; forming a globular ball of great substance and largest size. One of the best late yellow varieties.

NIVEUS—A grand snow-white variety. Center irregularly incurving, with outer petals reflexing nearly to the stem. Constitution robust, foliage large and abundant; keeping qualities of the flowers are unsurpassed.

MINERVA—An exceedingly attractive, bold, massive flower, very large, incurved, the outer petals drooping, forming almost a perfect flower of the most vivid clear yellow, with extra good stem and fine, handsome foliage within four inches of the flower. Certificates of merit at New York and Philadelphia shows.

MRS. G. J. BEER—Immense Japanese bloom, full and deep, rosy-purple color, lighter center. For exhibition only. One of largest flowered varieties extant.

OUR EARLY FLOWERING CHRYSANTHEMUMS

OUR SPECIAL OFFER: We will send the full set of TEN EARLY "MUMS" FOR ONLY 50 CENTS. Any five for 30 cents.

WE get many inquiries for Chrysanthemums that bloom early. For the benefit of those who want early "Mums" we here offer a very fine collection, embracing the choicest sorts and a wide range of color.

MRS. HENRY ROBINSON—In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms; it is of the most popular style—immense incurving, broad channeled petals of great substance and the purest white—can be used a few days earlier, but it is a sin to cut it until the center petals have begun to develop; from a flat incurved form it gradually changes into a perfect ball of snow; foliage as handsome as that of Mrs. Jerome Jones; a variety of the easiest arrangement. We do not think it possesses a single fault. Winner of 26 first prizes.

GLORY OF THE PACIFIC—It is of magnificent size and depth, with broad petals which finely reflex, showing the clear pink color to excellent advantage. A pink of large size and good form. This variety will delight every grower.

MRS. J. C. WHILDIN — A handsome light yellow variety, of splendid form. Took the Whildin prize at the Philadelphia show.

BENJ. GIROUD — Is the richest deep crimson variety we have ever seen and excels in its color as Golden Wedding does in yellow. The color is of the richest velvety-crimson, which in the flower itself is soft and velvety-like. It is, without doubt, the best Chrysanthemum of its color. The flowers are enormous in size, while the color is the richest of all. Winner of nine premiums and certificates. Blooms in October.

MISS DALSKOV—The latest and greatest acquisition to the Chrysanthemum world. We have thoroughly tested this grand new variety and we cannot say too much in its favor. We had single blooms last Fall that measured ten inches across. In color it is a beautiful pink, entirely distinct from any pink Chrysanthemum yet exhibited.

VIOLESCENT—Violet amaranth, reverse silvery white, enormous flowers of great beauty. This is one of the grandest early flowering varieties we have, and the color is distinct from all others.

MISS BROWN.

MARION HENDERSON — We cut the first flowers on October 10th, several days before any other large yellow was ready, and had perfect flowers to cut a month later. The texture of the flower is such that we have never seen it in the least affected by damp, although other varieties alongside of it were badly affected. We have never seen a symptom of any disease on it. This grand variety will be invaluable for early cut flowers, and, we believe, will occupy the same position among early varieties that Golden Wedding does among the late ones.

IVORY—Unexcelled for pot culture or cutting; pure white flower of exquisite form and finish. Has been shown in grand shape at all recent exhibitions; it is especially noticeable for its grand globular form, its dahlia-like petals and absolute purity of color.

MISS KATE BROWN—One of the very finest of all the early whites, coming into bloom the first week in October; fully six inches across; a fine incurved flower, with broad petals; first-class disbudded, and also beautiful in natural sprays.

MME. F. BERGMANN—Still the finest of all the early whites; large in size, coming into bloom October 10th; excellent for pot culture for early flowers.

The color is bright scarlet, flamed with purple shadings, and the substance most lasting. FLOWERING BEGONIAS.—Continued.

NEW BEGONIA THURSTONI.

This Begonia is a cross between B. Metallica and B. Sanguinea, having the bright-red foliage and veinings underneath the leaves, and bright metallic green, shading to red in the younger growth on top with the deep veinings of the Metallica and smooth glossy leaves and red stems of the Sanguinea; the flowers are a beautiful deep pink in bud, but when expanded become a beautiful shell pink. **Price, 10c each.**

NEW BEGONIA, VERNON.

This elegant new variety is of unusual merit as a bedding sort, flowering fully as freely when planted out as when grown as a pot plant. It begins flowering when first planted and continues throughout the whole season until stopped by frost. Foliage rich glossy-green, often shaded deep bronze. Flowers at first opening are a deep red, changing to a beautiful clear rose in the fully opened flower. It thrives everywhere and is destined to become one of the most popular of bedding plants. **Price, 10c each.**

WELTONIENSIS.

After you have begun your collection of Begonias with Rubra, Thurstoni, Dewdrop and Vernon, then let Weltoniensis come next. This is the most widely known of the species. If it were harder to grow, or more expensive, it would probably be more sought after. The leaf is delicate green in poor soil, but enrich it with a little old rotted manure and heavy velvety shadings of black appear on the maple-like leaves, every branch bearing its delicate bunch of rosy-pink bloom. May be bedded in Summer like McBethii. **Price, 10c each.**

THE THREE "RUBRA" BEGONIAS.

BEGONIA RUBRA. (Red.)

If you can have only one begonia, let it be a Rubra, for it will prove a constant delight. It is so fast growing that it will, in a year or two, reach the top of your window, sending up heavy, stiff canes an inch in diameter, and rising beside them will grow, strong, slender branches, gracefully drooping under heavy, waxen leaves and pendant panicles of coral-colored flowers as large as a hand. Medium sized plants are frequently seen with more than twenty such panicles at a time. Among the individual panicles you will find three distinct forms growing side by side. **Price, 10c each.**

PINK RUBRA.

Exactly like the Red variety except in color, which is a beautiful light pink. **Price, 10c each.**

WHITE RUBRA.

Alba Perfecta Grandiflora.

We doubt if there is a white flowered variety that equals it. The foliage resembles Rubra in shape, but is a lighter green, while the flower panicles are much handsomer. It is a pure white flowering Begonia of much merit. Try it. **Price, 10c each.**

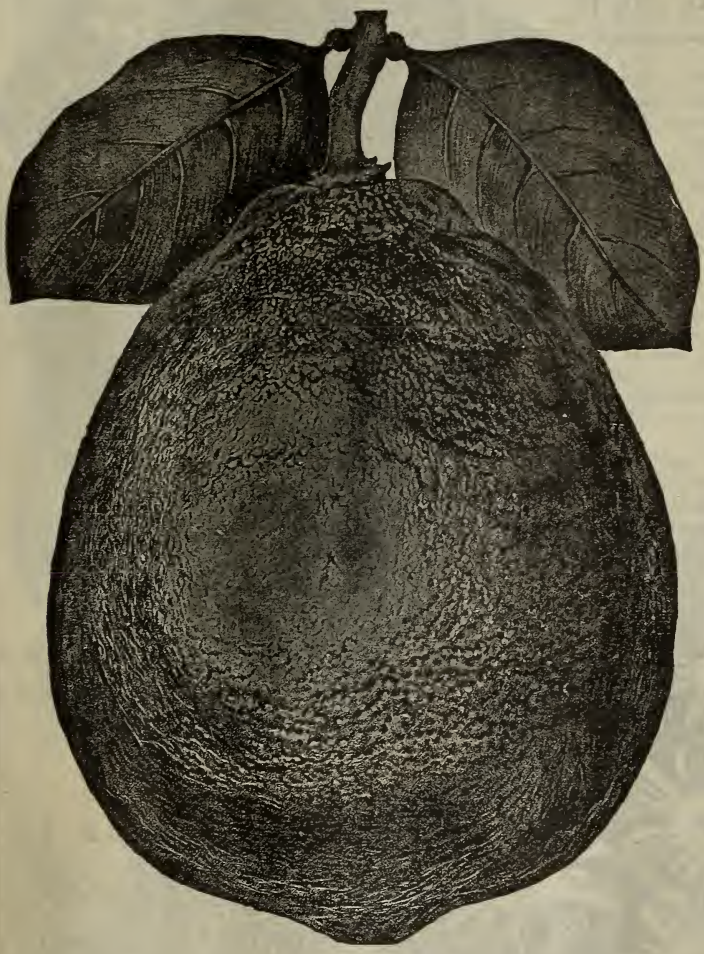
OUR MONSTER AMERICAN WONDER LEMON

(SENT OUT BY SOME UNDER THE SPURIOUS NAME OF "PONDEROSA.")

LARGEST AND FINEST EDIBLE LEMON IN THE WORLD



AMERICAN WONDER LEMON.
ONE-THIRD NATURAL SIZE.

This Truly Wonderful ....Lemon....

WAS INTRODUCED for the first time to the public by us in the Spring of 1899. Since that time we have grown and sent out thousands to all parts of the country, and the reports we have received from our patrons in all quarters as to its productiveness and size is very flattering. It is truly a wonder, for no other Lemon ever produced such enormous fruit or bore so freely. The plants grow rapidly and make shapely trees in a few months. The fruit is very handsome as well as useful. May be used anywhere that ordinary Lemons may be used, and one of these is equal to eight or ten common lemmons. Highly recommended for lemonade and all culinary purposes. In addition to its fruit-bearing qualities it makes a very handsome specimen plant for house culture. The dark green foliage is very large and handsome, and the pure, waxy-white flowers, with yellow stamens, are nearly as large as Tuberose blossoms and as fragrant as Orange blossoms, which they greatly resemble. We guarantee every tree to produce the same large fruit, no budding or grafting necessary. It is of the easiest culture, flowering and fruiting in any good, ordinary soil.

PRICE.

For very strong, young plants, from 2½ and 3 in. pots, 15c each, 5 for 50c; strong, handsome plants, from 4 in. pots, 25c each; large, two-year-old plants, fruiting size, 50c each; very large, handsome plants, out of 7 and 8 in. pots, except onally fine fruiting size, $1.00 each.

The BEAUTIFUL NEW ORANGE... = KUMQUAT OR KIN KAN

OUR PLANTS OF THIS GREAT NOVELTY ARE EXCEEDINGLY FINE

This unique and wonderfully beautiful Orange is a native of Japan, where it is known as the Kin Kan, which means gold orange, its other name—Kumquat—is Chinese for the same meaning. It bears in the most marvelous profusion little miniature oranges no larger than a Damson plum, of a rich golden color and glittering amid the dark foliage like burnished gold. The whole fruit, rind and all, is eaten, and people become very fond of them. The rind is sweet and the pulp agreeably acid, making a piquant combination. They are also delicious preserved and crystallized. The plants begin to bear just as soon as they have wood enough to hold the fruit, and are loaded with fruit and flowers every year. The branches are slender, without thorns, the leaves narrow and oval, and the plant assumes a fine shape. As a pot plant it will create a sensation wherever grown. As a window plant for the North as well as for gardens in the orange region, the Kin Kan is one of the handsomest and most valuable ornaments. Diminutive trees in pots are loaded with fruit and flowers every year. The small, but exquisitely beautiful fruit hangs on the unique and handsome evergreen trees all Winter. Price, for strong plants, extra large, from six-inch pots, 75c and $1.00 each. Must be sent by express.

Ever-Blooming Paris Daisies or Marguerites.

EVER-BLOOMING PARIS DAISY.

New Paris Daisy,
Mad. Gaillbert.

This is one of the finest new plants that has ever been introduced. Nothing can be imagined that is finer. All know the old varieties of Paris Daisies, how beautiful and much sought after for decoration of all kinds. This new variety blooms constantly and will produce ten blooms to the older variety's one. Nothing is so airy and graceful as these blossoms of large white petals, showing a yellow disk. **Price, 10c each; three for 25c.**

New Paris Daisy,
Etoil De Or.

The new yellow Paris Daisy, similar to the above, but a rich golden color. The two varieties go handsomely together. **Price, 10c each; three for 25c. The two varieties for 15c.**

We advise our customers to plant these Daisies largely. A half dozen or dozen plants will be a constant source of delight.

THE BABY PRIMROSE.

The Baby Primrose.

(Primula Forbesi.)

It is a wonderfully free-blooming plant, commencing to flower as soon as born. It is raised from divisions; also from the seed, though the latter method is unadvisable owing to the uncertain and variable character of the seedlings. It forms a dense rosette of somewhat fleshy leaves, from which spring the flowering stems, twelve, fifteen and even twenty inches tall, supporting three tiers of whorls of dainty flowers of a delicate rosy-lilac, with eye of pale gold. The flowers are not more than half an inch in diameter, but they are produced in such great abundance that a few plants present a dense mass of bloom, which continue without interruption and with increasing vigor until June. **Price, 10c each; three for 25c.**

CHINESE PRIMROSE.

Chinese Primrose.

White, Pink and Red.

Price, 10 cents each, three distinct sorts for 25 cents.

Few house plants afford better satisfaction than this. It requires to be kept cool, a north window suiting it best. Care should be taken in watering it that no water gets on the buds, as it causes them to decay. In the Summer they can be turned out into a shady border. The plants we offer are fine, and the colors will please.

The Grandest of all Decorative Plants.

ARAUCARIA EXCELSA.

(Norfolk Island Pine.)

Various names have been selected for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm" from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star, but no descriptive name can give any adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequaled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. Extra fine plants, 4 and 5 tiers of leaves, **$1.50 each.** These can only be sent by express. Nice plants, 3 and 4 tiers of leaves, **$1.00 each.** See cut, page 50.

Hardy Scotch or Sweet May

PINKS

The set of 4 beautiful Hardy Pinks for only 25 cents.

These are the Pinks of our mothers' gardens. They are dwarfer than the Carnation, growing about one foot in height, the colors being of the various shades of maroon, carmine, and rose, beautifully laced and banded on white ground. The flowers are perfectly double, clove-scented, and the plants will stand out of doors year after year, being entirely hardy. They make a very nice border for beds or other flowers, or for cemetery planting, making a large tuft of bronzy-green foliage a foot or more in diameter, from which the flower stalks are thrown up in great profusion.

Brunette—Center very dark and velvety, almost black.

Juliette—Deep, cherry red, variegated with pink and pale silvery white. Very fine.

Gertrude—White, with rich maroon and carmine markings.

The New Double White Pink,

We have much pleasure in drawing attention to this charming novelty, which is one that will hold its own as long as Pinks are cultivated. It has become one of the most "popular of the day," being grown by acres to supply demand for cut flowers. **Price, 10c each; three for 25c.**

The Latest Novelty in Hardy Plants

GOLDEN GLOW

(Rudbeckia Lacintia Fl. Pl.)

A magnificent, hardy, perennial plant growing eight feet high; branching freely, bearing by the hundreds on long, graceful stems, exquisite double blossoms of the brightest golden color, large as Cactus Dahlias. It grows vigorously and throws up strong branching flower stems six feet high, laden with sheaves of golden blossoms as large as fair Chrysanthemums, and all having an elegant, graceful appearance without any of the stiffness in habit or blossoms peculiar to sunflowers. As cut flowers the blossoms last well. Most effective flowering plant for August and September cultivation. **Price, strong plants which will bloom freely this season, 10c each; three for 25c.**

ABYSSINIAN BANANA.

(Musa Ensete.)

The noblest of all the foliage plants and the grandest of all the Bananas. The leaves are magnificent, long, broad and massive, of a beautiful green with a crimson mid-rib. The plants grow luxuriantly, eight to ten feet, making it an exceptionally fine plant for

ABYSSINIAN BANANA.

the center of Canna beds or, in fact, any place on the lawn. During the hot Summer, when planted out, it grows rapidly and attains gigantic proportions, producing a tropical effect on the lawn, terrace or flower garden. **Price, strong plants, 25c each.
